

XZERES Skystream SMarT Foundation Systems

Save time and money with SMarT Foundation

SMarT Foundation makes installing a turbine easy!

The SMarT Foundation kit includes everything needed for a faster and easier install. SMarT Foundation requires no special tools, shopping for parts, or costly rebar. SMarT Foundation provides pre-engineering to facilitate nationwide approval of wet-stamp drawings and simplified logistics for a confident install.

Make the SMarT Choice!

- Lower install cost by 15-25%
- Reduce install time by up to 12 hours
- Simplify permitting and Inspections
- Template included
